## **REPORT OF THE DIRECTORS OF THE MANAGEMENT COMPANY**

The Board of Directors of Dawood Capital Management Ltd. ("DCM" or the "Company") the Management Company of Dawood Income Fund ("DIF"/"the Fund"), are pleased to present the annual report and the audited financial statements of the Fund for the year ended June 30, 2013.

### **Economic Review**

During FY 2013, Pakistan's economy faced myriad challenges on the external and internal front including large scale power shortages, internal security hazards, continuing depreciation of Pak Rupee against the US Dollar and massive losses incurred by the public sector enterprises resulting in unsustainably large fiscal deficits that were financed mainly through domestic debt. Due to the above factors the GDP growth during the year was restricted to 3.6%, compared to the target of 4.3%. This growth is a 18% drop compared to the previous fiscal year where the growth was recorded at 4.4%

Agriculture Sector accounts for 21.4% of the GDP and engages 45% of the country's labor force. In FY 2012-13 the agriculture sector grew by 3.3% as against 3.5% in the preceding year. The year-on-year decline is attributed to adverse unfavorable conditions that resulted in lower production of our cash crops (cotton and rice). The industrial sector grew by 3.5% compared to 2.7% in the previous year, showing some improvement during FY12. In particular, the mining and construction sectors reflected a healthy growth of 7.6% and 5.2%, respectively, in comparison to growth rate of 4.6% and 3.2% during last year. Manufacturing sector which comprises of 13.2% of the GDP has shown some recovery by achieving a growth rate of 3.5% against 2.1% last year mainly on account of a tremendous growth of 8.2% for small scale manufacturing. The growth in services sector remained to 3.7% in FY13 in comparison with 5.3% in FY12. Growth in the services sector remained subdued due to decline in growth rates of transport, storage and communication.

The consistently positive feature of the economy is a healthy increase in workers' remittances since the past few years, which are estimated at USD 13.9 billion during FY13, reflecting nearly a 5.6% increase compared to the corresponding period.

On a positive note, inflation fell significantly and the annualized inflation rate measured in terms of Consumer Price Index (CPI) for 2012-13 averaged at 7.4% as against 11% recorded in the same period of 2011-12. One of SBP's primary challenges was to manage inflation rates and the average inflation of 7.4% in FY13 was around 200 bps lower than the target of 9.5%. This was one of the main factors in SBP adopting a monetary easing stance through the year.

The State Bank of Pakistan reduced its discount rate by 150 bps with the commencement of the fiscal year and further cut rates by 50 bps in three different policy announcements to bring the rate to 9.00% p.a. towards the end of the fiscal year. SBP's two main challenges over the year has been managing the external account position and containing inflation. Inflation has been the primary driver behind monetary easing during the year. CPI inflation touched a record low level of 5.1% in May 2013 and the FY13 average inflation of 7.4% was around 200 bps lower than the targeted 9.5% set for the fiscal year.

Six month KIBOR reduced to average 9.92% as compared to last year's average of 12.38% a decrease of 246 bps mainly due to reduction in discount rate.

During FY13, SBP conducted a total of 26 T-bill auctions, total target amount was Rs 5,075 bn set by SBP, while the accepted amount was Rs 5,500 bn. The last cutoff yields from Jun-13 for the 3M, 6M and 12M tenors reduced to 8.93%, 8.92% and 8.96% from Jun-12 last cutoff yields of 11.92%, 11.94% and 11.95% respectively. The cut-off yield on the benchmark 10 year PIB closed at 11.05%, decreasing by 233 bps over last year closing of 13.38%.

### Auditors' Report

The Auditors have given their opinion on the financial statements of the Fund for the year ended June 30, 2013, wherein they have given qualified conclusion and emphasis on certain matters. Our response to the above observation is as follows:

Our response to the basis of qualified opinion is that the operations of the Fund remained suspended from 22 March 2013 to 22 January 2015 under the order of Executive Director-SECP dated March 22, 2013. Management Company filed an appeal in Appellate Tribunal of SECP against the order of Executive Director-SECP under section 33 of the Securities and Exchange Commission of Pakistan Act, 1997, the Appellate Tribunal of SECP vide Order dated 22 January 2015 set aside the initial order in its entirety

---

on the grounds stated therein. An application for review / recall of above order of the Appealed Bench No` II was filed by the Executive Director-SECP with Appellate Bench , however, Appellate Bench did not accept the application on the grounds that there is no provision in the law which gives the Appellate Bench powers to review its own order and thus the matter has attained finality and matter has therefore attained finality. Further SECP vide its letter dated January 29, 2016 has allowed to accrue the management fee and therefore the management company of the Fund has accrued the management fee as per regulation 61 of Non-Banking Finance Companies and Notified Entities Regulation 2008.

Our response to note 1.2 to the financial statements is that the management company confirms that it will extend its financial support to the Fund in case of redemption of units of the said unit holder and to maintain minimum fund balance of Rs. 100 million.

Our response to note 1.3 to the financial statements is that the management is taking necessary steps to ensure all due compliances and in this respect management has conveyed its commitment to SECP to ensure the compliances with all the laws applicable to Company including Companies Ordinance 1984, Listing rules and regulations, Non Banking Finance Companies and Notified Entities Regulations, 2008 and Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003.

### **Risk Management**

**REPORT OF THE TRUSTEE TO THE UNIT HOLDERS**

**DAWOOD INCOME FUND**

**Report of the Trustee Pursuant to Regulation 41(h) of the Non-Banking Finance Companies and Notified Entities Regulations, 2008**

Dawood Income Fund, an open-end Scheme established under a Trust Deed dated April 08, 2003 executed between Dawood Capital Management Limited, as the Management Company and Bank Al Habib Limited (BAHL), as the Trustee. In June 2011, BAHL retired and MCB Financial Services Limited (MCBFSL) was appointed as the new trustee of the fund.

1. Dawood Capital Management Limited, the Management Company of Dawood Income Fund has, in all material respects, managed Dawood Income Fund during the year ended 30<sup>th</sup> June 2013 in accordance with the provisions of the following:
  - (i) Investment limitations imposed on the Asset Management Company and the Trustee under the trust deed and other applicable laws;
  - (ii) the valuation or pricing is carried out in accordance with the deed and any regulatory requirement;
  - (iii) the creation and cancellation of units are carried out in accordance with the deed;
  - (iv) and any regulatory requirement

For the purpose of information, the attention of unit holders is drawn towards following paragraphs of auditor's report and notes to the financial statements which states that;

(1) As referred to in note 8.2 to the financial statements, the operations of the Fund remained suspended from 22 March 2013 to 22 January 2015, and in view thereof SECP has prohibited the DCML from charging any management fee during the above referred suspended period. Notwithstanding the above, a management fee of Rs 1.042 million has been charged in the financial statements for the period during which operations of the Fund were suspended. Had such management fee not been charged in the financial statement, the profit before tax and net assets would have been higher by Rs. 1.042 million.

(2) Note 1.2 to the financial statements, as more fully explained in the said note, a unit holder holds 81% of the units of the Fund as of 30 June 2013. In case of redemption of such units, the Fund's net assets will fall below the minimum requirement of Rs. 100 million prescribed by Regulation 54 of NBFC Regulation 2008. The Management Company has confirmed that it will extend its financial support to the Fund in case of redemption of units by the said unit holder.

## REVIEW REPORT TO THE MEMBERS ON STATEMENT OF COMPLIANCE WITH THE BEST PRACTICES OF THE CODE OF CORPORATE GOVERNANCE

We have reviewed the enclosed Statement of Compliance (the Statement) with the best practices contained in the Code of Corporate Governance (the Code) prepared by the Board of Directors of the Management Company of Dawood Income Fund (the Fund) for the year ended 30 June 2013 to comply with the requirements of Listing Regulations of the stock exchange, where the Fund is listed.

The responsibility for compliance with the Code is that of the Board of Directors of the Management Company of the Fund. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement reflects the status of the Management Company's compliance with the provisions of the Code and report if it does not and to highlight any non-compliance with the requirements of the Code. A review is limited primarily to inquiries of the Management Company's personnel and review of various documents prepared by the Management Company to comply with the Code.

As part of our audit of financial statements, we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Director's statement on internal control covers all risks and controls, or to form an opinion on the effectiveness of such internal controls, the Management Company's corporate governance procedures and risks.

The Code requires the Management Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval of its related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price and recording proper justification for using such alternate pricing mechanism. We are only required and have ensured compliance of requirement to the extent of approval of related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement does not appropriately reflect the Management Company's compliance, in all material respects, with the best practices contained in the Code as applicable to the Management Company for the year ended 30 June 2013.

We draw attention to clause 1.1 of the Statement which states that the operations of the Fund remained suspended for the period from 22 March 2013 for the reasons explained in the said clause. As a consequence, the Management Company could not comply with the various requirements of the Code. Such non-compliance are enumerated below:

*mf*

Serial No.	Non-compliance	Clause reference
1	Casual vacancies occurred on the Board of Directors during the period could not be filled	4
2	All the powers of the Board of Directors could not be exercised and decisions on material transactions; including appointment and determination of remuneration and terms and conditions of employment of the CEO could not be taken by the board / shareholders after the suspension of the operations of the Fund	7
3	Board meetings could not be held for third and fourth quarter of the year	8
4	The Board of Directors has not arranged any training programs for its Directors during the year	9
5	Subsequent to suspension of operations of the Fund, the Management Company could not comply with the corporate and financial reporting requirements of the Code	14
6	During the year, all the members of the Audit Committee resigned from the Board of Directors and therefore, the meetings of the Audit Committee could not be held for third and fourth quarter	16
7	Subsequent to suspension of operations of the Fund, HR and Remuneration Committee comprised of two members of whom the chairman of the Committee was an independent Director and other member was an executive Director. No meeting of HR and Remuneration committee was held during the year.	17
8	The internal audit function was outsourced to a professional firm which resigned during the year. Subsequently to its resignation, no new appointment of Internal Auditor was made during the year	18
9	The details of related party transactions could not be placed before the Audit Committee and subsequently to Board of Directors for its review and approval	23
10	Quarterly unaudited financial statements, secondly quarterly reviewed and annual audited financial statements along with Directors reviews / reports could not be published and circulated within prescribed time frame	23

Our conclusion is not qualified in respect of the above matters.

## INDEPENDENT AUDITORS' REPORT TO THE UNIT HOLDERS

### REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of Dawood Income Fund (the Fund), which comprise the statement of assets and liabilities as at 30 June 2013, and the related statements of income, comprehensive income, distribution, cash flows and movement in unit holders' fund for the year then ended, and a summary of significant accounting policies and other explanatory notes.

#### *Management's responsibility for the financial statements*

The Management Company of the Fund is responsible for the preparation and fair presentation of these financial statements in accordance with the requirements of approved accounting standards as applicable in Pakistan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

#### *Auditors' responsibility*

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards as applicable in Pakistan. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### *Basis for Qualified opinion*

As referred to in note 8.2 to the financial statements, the operations of the Fund remained suspended from 22 March 2013 to 22 January 2015, and in view thereof SECP has prohibited the DCML from charging any management fee during the above referred suspended period. Notwithstanding the above, a management fee of Rs. 1.042 million has been charged in the financial statements for the period during which operations of the Fund were suspended. Had such management fee not been charged in the financial statement, the profit before tax and net assets would have been higher by Rs. 1.209 million.

*myfu*

### **Opinion**

In our opinion, except for the effect of the matter described in the Basis for Qualified Opinion paragraph, the financial statements give a true and fair view of the state of the Fund's affairs as at 30 June 2013 and of its financial performance, cash flows and transactions for the year then ended in accordance with approved accounting standards as applicable in Pakistan.

### **Emphasis of Matter**

We draw attention to:

- (a) note 1.2 to the financial statements, as more fully explained in the said note, a unit holder holds 81% of the units of the Fund as of 30 June 2013. In case of redemption of such units, the Fund's net assets will fall below the minimum requirement of Rs.100 million prescribed by Regulation 54 of NBFC Regulation 2008. The Management Company has confirmed that it will extend its financial support to the Fund in case of redemption of units by the said unit holder.
- (b) note 1.3 to the financial statements which explains that operations of the Fund were suspended for the period from 22 March 2013 to 22 January 2015. Further, note 1.4 to the financial statements explains that the management company of the Fund was not able to comply with various regulatory requirements since the operations of the Funds were suspended. The management company of the Fund intends to seek SECP's guidance on all the outstanding regulatory compliance issues to determine a timeline for the resolution of the same.

Our opinion is not qualified in respect of above matters.

### **REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS**

In our opinion, the financial statements have been prepared in accordance with the relevant provisions of Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 and Non-Banking Finance Companies and Notified Entities Regulations, 2008.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2013

### 1. LEGAL STATUS AND NATURE OF THE BUSINESS

- 1.1 Dawood Income Fund (the Fund) was established under a Trust Deed executed on 8 April 2003 between Dawood Capital Management Limited (DCML) as Management Company and Bank AL-Habib Limited (BAHL) as Trustee. In June 2011, BAHL retired and MCB Financial Services Limited (MCBFSL) was appointed as the new trustee of the Fund and the name of the Fund was also changed from "Dawood Money Market Fund" to "Dawood Income Fund". These changes, after necessary regulatory approvals, were duly incorporated in the Trust Deed of the Fund by way of First Supplemental Trust Deed. The registered office of the Management Company is situated at 5B, Lakson Square Building No.1, Sarwar Shaheed Road, Karachi, Pakistan.

The Fund is an open-ended mutual fund and is listed on the Karachi Stock Exchange. As per trust deed, units are offered for public subscription on a continuous basis. The units are transferable and can be redeemed by surrendering them to the Fund.

The Fund is categorized as "income scheme" in accordance with Circular No. 7 of 2009. The principal activity of the Fund is to make investment in spread transactions and debt-based securities including Government securities, Commercial Papers and other money market instruments and placement of funds.

- 1.2 As at 30 June 2013, The Bank of Khyber (a related party) held 4,194,990 units (81% holding) of the Fund. Management based on discussion with the Bank of Khyber believes that the Bank of Khyber will continue its investments in the Fund. Furthermore, In case if Bank of Khyber redeems its investment in the Fund, the Fund's net assets will fall below the minimum requirement of Rs.100 million as prescribed by Regulation 54 of the NBFC Regulations 2008. DCML has confirmed that it will extend its financial support to the Fund in case of redemption of units by Bank of Khyber.

### 1.3 Suspension of the Fund During the Period from 22 March 2013 to 22 January 2015

The operations of the Fund were suspended from 22 March 2013 to 22 January 2015 by SECP vide order number SCD-SD (Enf.)/KHI/DCML/2013/61 in pursuance to a show cause notice issued on 8 November 2012 for violation of Regulation 38(a) and Regulation 38(n) of the Non-Banking Finance Companies and Notified Entities Regulation 2008 (NBFC Regulations). Further Securities and Exchange Commission of Pakistan (SECP), cancelled the license of DCML to undertake the business of Asset Management Services and Investment Advisory Services and trustees were directed to extinguish / revoke the Fund in the interest of unit / certificate holders .

DCML filed an appeal before the appellant bench of the SECP against the above suspension of the Fund and the cancellation of the license to undertake the business of Asset Management Services and Investment Advisory Services on the grounds that the above actions of the SECP were taken without lawful authority and jurisdiction. Subsequently, on 22 January 2015 the appeal was decided in favour of DCML by the appellant bench.

Based on the above, DCML is authorized and licensed to undertake Asset Management Services and Investment Advisory Services. DCML is taking necessary steps to recommence the operations of the Fund.

- 1.4 Due to suspension of operations of the Fund from 22 March 2013 to 22 January 2015, DCML was not able to comply with various requirements of the NBFC Rules, NBFC Regulations and other regulatory requirements. SECP vide its letter No. SCD/AMCW/DCML/151/2015 dated 05 November 2015 advised DCML to submit documents / information showing Board of Directors approved commitment along with timelines to comply with regulatory non-compliances. The Board is fully committed to comply with the regulatory requirements. The Fund intends to seek SECP's guidance on all outstanding compliance issues to determine a timeline for the resolution of the same.

### 2. BASIS OF PREPARATION

#### 2.1 Statement of compliance

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Ordinance, 1984, the requirements of the Trust Deed, the NBFC Rules, the NBFC Regulations and directives issued by the SECP. Wherever the requirements of the Trust Deed, the NBFC Rules, the NBFC Regulations or the directives issued by the SECP differ with the requirements of IFRS, the requirements of the Trust Deed, the NBFC Rules, the NBFC Regulations or the requirements of the said directives prevail.

#### 2.2 Basis of Measurement

These financial statements have been prepared under the historical cost convention except for investments which are accounted for as stated in notes 3.1 and 3.2 below.

#### 2.3 Functional and Presentation Currency

These financial statements have been presented in Pakistan Rupees which is the functional and presentation currency of the Fund.

#### 2.4 Accounting Estimates and Judgments

The preparation of financial statements requires management to make judgments, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making judgments about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis.

Judgments made by management in the application of accounting policies that have significant effect on the financial statements and estimates with a significant risk of material adjustment are explained in the relevant accounting policies / notes in the financial statements.

## 2.5 Changes in Accounting Policy and Disclosures

The accounting policies adopted in the preparation of these financial statements are consistent with those of the previous financial year except as described below:

The Fund has adopted the following new and amended IFRS and IFRIC interpretations which became effective during the year:

IAS 1 – Presentation of Financial Statements- Clarification of statement of changes in equity

IAS 12 – Income Taxes-Recovery of Underlying Assets (Amendment)

The adoption of the above standards, amendments, interpretations and improvements did not have any effect on the financial statements.

## 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### 3.1 Investment

The investments, upon initial recognition, are classified as investment at fair value through profit or loss, held to maturity investment or available for sale investment, as appropriate, in accordance with the requirements of International Accounting Standards (IAS) 39; 'Financial Instruments : Recognition and Measurement'.

All investments are initially recognised at fair value plus transaction costs except for financial assets carried at fair value through profit and loss. Financial assets carried at fair value through profit or loss are initially recognized at fair value and transaction costs are charged in the income statement.

All regular way purchases and sales of investments are recognised on the trade date i.e. the date the Fund commits to purchase / sell the investment. Regular way purchases and sales of investments require delivery of securities within the time frame generally established by regulation or market convention.

The investments of the Fund are classified in the following categories:

#### a) Financial Assets at Fair Value Through Profit or Loss

These include held for trading investments and such other investments that, upon initial recognition, are designated under this category. Investments are classified as held for trading if they are acquired for the purpose of selling in the near term. Financial assets designated at fair value through profit or loss at inception are those that are managed and their performance is evaluated on a fair value basis in accordance with the Fund's documented investment strategy. After initial measurement, such investments are carried at fair value and the gains or losses on revaluation are recognised in the income statement in the period in which they arise.

#### b) Loans and Receivables

These are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. The Fund's loans and receivables comprise of bank balances, receivable from the sale of securities, advances, deposits and profit receivable.

#### c) Held to Maturity

Investments with fixed maturities and fixed or determinable payments are classified as held to maturity investments when management has both the intent and ability to hold to maturity. After initial measurement, such investment are carried at amortised cost less any provision for impairment except for in case of debt securities (listed but not regularly traded on a stock exchange) and government securities, which are carried at fair value in accordance with the requirements of the NBFC Regulations and directives issued by SECP.

#### c) Available for Sale

These are non-derivative financial assets that are designated as available-for-sale and may be sold in response to needs for liquidity or changes in interest rates or market prices or are not classified in any of the three other categories. After initial measurement, such investments are measured at fair value with unrealised gains or losses recognised in other comprehensive income as a part of the unit holders' fund until the investment is derecognised or determined to be impaired, at which time the cumulative gain or loss previously recognised in unit holders' fund is taken to the income statement.

Fair value of investments is determined as follows:

Debt securities:

Fair value of debt securities, other than government securities, is determined on the basis of prices announced by the Mutual Funds Association of Pakistan (MUFAP) in accordance with the SECP's Circular No. 1 of 2009 dated 06 January 2009, read with Regulation 66(b) of the NBFC Regulations.

Fair value of unlisted debt securities, other than government securities, is also determined by reference to the average rates notified by MUFAP and where such rates are not so notified, with reference to quotations obtained from brokerage houses.

### **3.2 Impairment**

The carrying amounts of the Fund's assets are reviewed at each balance sheet date to determine whether there is any indication of impairment of any asset or a group of assets. If any such indication exists, the recoverable amount of such assets is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. Impairment losses are recognized in the income statement and are reversed through the profit and loss account as well.

Provision of non-performing debt securities is made on the basis of time based criteria as prescribed under Circular No. 01 of 2009 issued by SECP.

To fulfil the requirement of SECP Circular No. 13 dated 04 May 2009 the BOD approved a comprehensive provisioning policy whereby the Investment Committee can make accelerated provision against any debt security or exposure other than debt security after considering the financial difficulties of the issuer, probability of the borrower entering bankruptcy or financial reorganization, deterioration of key financial ratios, downgrade of credit rating, measurable decrease in cash flows and industry outlook.

### **3.3 Derecognition**

All investments are derecognised when the rights to receive cash flows from the investments have expired or have been transferred and either (a) the Fund has transferred substantially all risks and rewards of ownership or (b) the Fund has neither transferred nor retained substantially all risks and rewards of the asset, but has transferred the control of the asset.

### **3.4 Securities Under Repurchase/Resale Agreements**

Securities purchased with a corresponding commitment to resell at a specified future date (reverse-repo) are not recognised in the statement of assets and liabilities. Amounts paid under these agreements are included in receivable in respect of reverse repurchase transactions. The difference between purchase and resale price is treated as income from reverse repurchase transactions and accrued over the life of the reverse-repo agreement.

Securities sold with a simultaneous commitment to repurchase at a specified future date (repos) continue to be recognised in the statement of assets and liabilities and are measured in accordance with accounting policies for investment securities. The counterparty liabilities for amounts received under these transactions are recorded as liabilities. The difference between sale and repurchase price is treated as borrowing charges and accrued over the life of the repo agreement using the effective interest method.

### **3.5 Issue and Redemption of Units**

Units issued are recorded at the offer price, determined by the Management Company, for the applications received by the distributors during business hours on that date. The offer price represents the net asset value per unit as of the close of the business day plus provision of duties and charges and provision of transaction costs, if applicable.

Units redeemed are recorded at the redemption price, applicable to units for which the distributors receive redemption applications during business hours of that day. The redemption price represents the net asset value per unit as of the close of the business day less duties, taxes, charges on redemption and provision for transaction costs, if applicable.

Redemption of units is recorded on acceptance of application of redemption.

### **3.6 Element of Income/(Loss) and Capital Gain/(Loss) Included in Prices of Units Sold Less those in Units Redeemed**

An equalisation account called the "element of income / (loss) included in prices of units sold less those in units redeemed" is created, in order to prevent the dilution of per unit income and distribution of income already paid out on redemption.

The "element of income and capital gains in prices of units sold less those in units redeemed" account is credited with the amount representing net income and capital gains accounted for in the asset value and included in the sale proceeds of units. Upon redemption of units, the "element of income and capital gains in prices of units sold less those in units redeemed" account is debited with the amount representing net income and capital gains accounted for in the net asset value and included in the redemption price.

The "element of income and capital gains in prices of units sold less those in units redeemed" during an accounting period is transferred to the income statement.

### **3.7 Net Asset Value Per Unit**

The net asset value per unit disclosed in the statement of assets and liabilities is calculated by dividing the net assets of the Fund by the number of units in circulation at year end. Net assets are defined in NBFC Regulation, 2008 clause 66.

### **3.8 Taxation**

The Fund is exempt from taxation on income under clause 99 of Part I to the Second Schedule of the Income Tax Ordinance, 2001, subject to the condition that not less than 90 percent of its accounting income excluding realised and unrealised capital gain for the year is distributed amongst the unit holders. The Fund intends to avail this exemption for current and future periods. Accordingly, no provision is made for current and deferred taxation in these financial statements.

### **3.9 Revenue Recognition**

Gains/(losses) arising on sale of investments are included in the income statement on the date at which the transaction takes place.

Dividend income is recognised when the right to receive the dividend is established.

Income on reverse repurchase, certificates of investment, placements, bank deposits, commercial papers, federal government securities and investments in debt securities are recognised at rate of return implicit in the instrument on a time proportionate basis.

### **3.10 Financial Instruments**

All the financial assets and financial liabilities are recognised at the time when the Fund becomes a party to the contractual provisions of the instrument. Financial assets are derecognised when the contractual rights to receive cash flows related to the asset expire. Financial liabilities are derecognised when they are extinguished, that is, when the obligation specified in the contract is discharged, cancelled, or expires. Any gain or loss on derecognition of the financial assets and financial liabilities is taken to the income statement in the period in which it arises.

### **3.11 Offsetting of Financial Assets and Financial Liabilities**

Financial assets and financial liabilities are only offset and net amount reported in the statement of assets and liabilities when there is a legally enforceable right to set off the recognised amount and the Fund intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

### **3.12 Cash and Cash Equivalents**

Cash and cash equivalents are carried in the balance sheet at cost. For the purpose of cash flow statement, cash and cash equivalents consist of bank balance net of short term running finance under mark-up arrangements, if any.

### **3.13 Provision**

A provision is recognised in the statement of assets and liabilities when the Fund has a legal or constructive obligation as a result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

The amount recognized as provision is the best estimate of the consideration required to settle the present obligation at the balance sheet date, taking into account the risks and uncertainties surrounding the obligation."

### **3.14 Distribution to Unit Holders**

Distribution to unit holders is recognised upon declaration and approval by the Board of Directors of the management company.

### **3.15 Standards, Interpretations and Amendments to Approved Accounting Standards that are Not Yet Effective**

The following revised standards, interpretations and amendments with respect to the approved accounting standards as applicable in Pakistan would be effective from the dates mentioned below against the respective standards, interpretations and amendments:

**Effective date  
(annual periods  
beginning on or  
after)**

**Standard or Interpretation**

- 8.1. The Regulations allow remuneration to DCML for services rendered to the Fund up to a maximum of 3% per annum of the average annual net assets of the Fund for the first five years and 2% per annum of the average annual net assets thereafter. The DCML is currently charging 1% per annum of the average annual net assets value of the Fund. During the current year, DCML has charged an amount of Rs 3.764 million in respect of management fee to the Fund.

- 8.2. As disclosed in note 1.2 to the financial statements, the operations of the Fund were suspended for the period from 22 March 2013 to 22 January 2015. The DCML on 5 October 2015, wrote to SECP requesting clarification regarding accrual of its remuneration in the financial statement of its collective investments schemes. SECP vide its letter no. SCD/AMCW/DCML/130/2015 dated 16 October 2015 conveyed DCML that DCML cannot charge management fee during this period as there was no management of funds with DCML during this period. In response to SECP's above letter, DCML contended that DCML has rendered services and incurred significant expenses during the above referred period. Subsequently, SECP vide its letter no. SCL/AMCW/DCML/151/2015 dated 5 November 2015 advised DCML to submit certain documents and information in order for SECP to reconsider its decision regarding charge of management fee by DCML. The management fee charged by DCML from 22 March 2013 to 30 June 2013, falling within the suspension period, amounts to Rs 1.042 million.
- 8.3. During the current year, an amount of Rs. 602,300 (30 June 2012: Rs. 732,819) was charged on account of sales tax on management fee levied through Sindh Sales Tax on Services Act, 2011.

#### 9. PAYABLE TO TRUSTEE

MCBFSL is entitled to a monthly remuneration for the services rendered to the Fund under the provision of the Trust Deed at the following rates:

On net assets up to Rs. 1,000 million	Rs. 0.6 million or 0.15% per annum of the net assets whichever is higher
On net assets exceeding Rs. 1,000 million	Rs. 1.5 million plus 0.09% per annum of the amount exceeding Rs. 1,000 million

#### 10. ANNUAL FEE PAYABLE TO SECURITIES AND EXCHANGE COMMISSION OF PAKISTAN

Under the provisions of Regulation 62 of the NBFC, the Fund is required to pay an annual fee to SECP, an amount equal to 0.075% of the average daily net assets of the Fund.

#### 11.1 WORKER'S WELFARE FUND

Through the Finance Act, 2008, an amendment was made in section 2(f) of the Workers' Welfare Fund Ordinance, 1971 (the WWF Ordinance) whereby the definition of 'Industrial Establishment' was made applicable to any establishment to which West Pakistan Shops and Establishment Ordinance, 1969 applies. As a result of this amendment, it was alleged that all Collective Investment Schemes (CISs) / mutual funds whose income exceeds Rs.0.5 million in a tax year were brought within the scope of the WWF Ordinance thus rendering them liable to pay contribution to WWF at the rate of two percent of their accounting or taxable income, whichever is higher. In this regard, a constitutional petition was filed by certain CISs through their trustees in the Honourable High Court of Sindh (SHC), challenging the applicability of WWF to the CISs, which is pending adjudication.

In August 2011, the Lahore High Court (LHC) issued a judgment in response to a petition in similar case whereby the amendments introduced in WWF Ordinance through Finance Acts, 2006 and 2008 have been declared unconstitutional and therefore struck down. However, during March 2013, the SHC larger bench issued a judgment in response to various petitions in similar cases whereby the amendments introduced in the Workers' Welfare Fund Ordinance, 1971 through Finance Act, 2006 and 2008 respectively (Money Bills) have been declared constitutional and overruled a single-member Lahore High Court (LHC) bench judgment issued in August 2011.

Further, in May 2014, the Honourable Peshawar High Court held that the impugned levy of contribution introduced in the Ordinance through Finance Act, 1996 and 2009 lacks the essential mandate to be introduced and passed through Money Bill under the constitution and, hence, the amendments made through the Finance Act are declared as 'Ultra Vires'.

In view of above stated facts and considering the uncertainty on the applicability of WWF to mutual funds due to show cause notices issued to a number of mutual funds, DCML as a matter of abundant caution has decided to continue to maintain the provision for WWF amounting to Rs. 3.543 million up to 30 June 2013. If the same were not made, the NAV per unit would be higher by Rs. 0.68 per unit and return of the Fund would be higher by 0.94% for the year.

The Finance Act 2015 has excluded Mutual Funds and Collective Investment Schemes from the definition of 'industrial establishment' subject to WWF under WWF Ordinance, 1971. Accordingly, no provisions for WWF will be made from 1 July 2015 onwards. However, provisions made till 30 June 2013 has not been reversed as the above lawsuit is pending in the SHC.

## 16. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risks is the creation and protection of Unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the management company, Fund's constitutive documents and the regulations and directives of the SECP.

Financial risk in Fund is the possibility that the outcome of an action or event could bring up adverse impacts. Such outcomes could either result in a direct loss of earnings/net assets or may result in imposition of constraints on Fund's ability to meet its business objectives. Such constraints pose a risk as these could hinder a Fund's ability to conduct its ongoing business or to take benefit of opportunities to enhance its business.

These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that Fund is willing to accept. The Board of Directors of the management company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk (which includes profit rate risk and price risk), credit risk and liquidity risk arising from the financial instruments it holds.

Regardless of the sophistication of measures, Fund often distinguish between expected and unexpected losses. Expected losses are those that the management knows with reasonable certainty will occur (e.g. the expected decline in prices) and are typically reserved for in some manner. Unexpected losses are those associated with unforeseen events.

Risk management activities broadly take place simultaneously at following different hierarchy levels:

- a) Strategic Level: It encompasses risk management functions performed by senior management and Board of Directors. It is concerned with the overall risk management of the organization starts with identifying of risk, planning to mitigate them, implementation of strategies and monitoring."
- b) Macro Level: It encompasses risk management within a business area or across business lines. Generally the risk management activities performed by middle management or units devoted to risk reviews fall into this category."
- c) Micro Level: It involves 'On-the-line' risk management where risks are actually created. This is the risk management activities performed by individuals who take risk on organization's behalf such as front office and transactions origination functions.

Risk management starts at the highest management level. Its responsibility rests with the Board of Directors. Senior management makes sure that the policies of risk management are ingrained in the organization's culture.

Concentration indicates the relative sensitivity of the Fund's performance to developments affecting a particular industry or geographical location. Concentrations of risk arise when a number of financial instruments or contracts are entered into with the same counterparty, or where a number of counterparties are engaged in similar business activities, or activities in the same geographic region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations of liquidity risk may arise from the repayment terms of financial liabilities, sources of borrowing facilities or reliance on a particular market in which to realise liquid assets.

Concentrations of risk may arise if the Fund has a significant exposure in a single industry, or aggregate exposure in several industries that tend to move together. In order to avoid excessive concentration of risk, the Fund's policies and procedures include specific guidelines to focus on maintaining a diversified portfolio. The Fund Manager is instructed to reduce exposure to manage excessive risk concentrations when they arise.

### 16.2 Market Risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as profit rates, debt security prices and foreign exchange rates.

#### (i) Interest Rate Risk

Interest rate risk is the risk that the value of the financial instruments will fluctuate due to changes in the market interest rate. As of 30 June 2013, the Fund is exposed to such risk in respect of bank balances, term deposits and investment in debt securities. The bank balances are subject to interest rates as declared by the respective bank on a periodic basis. Majority of the debt securities are subject to floating interest rates.

Management of the fund estimates that 1% increase / (decrease) in the market profit rate/fair value, with all other factors remaining constant, would increase / (decrease) the Fund's net assets by;

	Increase/(decrease) in Basis Points	Sensitivity of Profit Income Increase/(Decrease)
2013	100 (100)	6,139,716 (6,139,716)
2012	100 (100)	978,433 (978,433)

The Fund's exposure to profit rate risk based on contractual repricing and maturity dates, whichever is earlier is as follows:

2013	0 to 3 Months	3 to 6 Months	6 to 12 Months	1 to 5 Years	More than 5 Years	Non-Interest Bearing	Total

#### (ii) Price Risk

The risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices of securities due to a change in credit rating of the issuer or the instrument, change in market sentiments, speculative activities, supply and demand of securities and liquidity in the market. The Fund is not exposed to equity price risk because the Fund does not have equity instruments as at year end.

#### (iii) Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

#### 16.3 Liquidity Risk

Liquidity risk is defined as the risk that the Fund will encounter difficulty in meeting obligations associated with financial liabilities. Liquidity risk arises because of the possibility that the Fund could be required to pay its liabilities earlier than expected. The Fund is exposed to cash redemptions of its redeemable units on a regular basis. Units are redeemable at the unit holder's option based on the Fund's net asset value per unit at the time of redemption calculated in accordance with the Fund's constitutive documents.

In order to manage the Fund's overall liquidity, the Fund has the ability to withhold daily redemption requests in excess of ten percent of the units in issue and such request would be treated as redemption requests qualifying for being processed on the next business day. Such procedure would continue until the outstanding redemption requests come down to a level below ten percent of the units then in issue. The Fund did not withhold any significant redemption during the year.

The table below summaries the maturity profile of the Fund's financial instruments. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity date.

#### 16.4 Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge its obligation. The Fund's credit risk is primarily attributable to its investment in term finance certificates, certificates of investment, term deposits and balances with banks. The credit risk on liquid fund is limited because the counter parties are financial institutions with reasonably high credit ratings. In addition, the internal risk management policies, offering document and investment guidelines (approved by Investment Committee) require the Fund to invest in debt securities that have been rated as investment grade by a approved rating agency. Due to defaults made by the issuers of certain TFCs the rating of the instrument have down graded from the investment grade. The table below analyses the Fund's maximum exposure to credit risk:

	<b>30 June 2013</b>	<b>30 June 2012</b>
	<b>(Rupees)</b>	<b>(Rupees)</b>
Investments (Other than Government Securities)	<b>20,871,521</b>	77,984,871

<b>Total</b>	<b><u>20,871,521</u></b>		<b><u>77,984,871</u></b>	

The Analysis Below Summarizes the Credit Quality of the Fund's Balances with Banks:

	<b>2013</b>		<b>2012</b>	
	<b>(Rupees)</b>	<b>%</b>	<b>(Rupees)</b>	<b>%</b>

<b>Total</b>	<b><u>352,780,859</u></b>	-	<b><u>12,596,909</u></b>	

Concentration of credit risk exists when changes in economic or industry factors affect the group of counterparties whose aggregate credit exposure is significant in relation to the Fund's total credit exposure. The Fund's policy is to maintain a diversified portfolio of financial assets and to enter into transactions with diverse credit worthy counterparties thereby mitigating any significant concentration of credit risk.

#### 16.5 Capital Management

The Fund's objective when managing unit holder's funds is to safeguard the Fund's ability to continue as a going concern so that it can continue to provide optimum returns to its unit holders and to ensure reasonable safety of capital. The Fund manages its investment portfolio and other assets by monitoring return on net assets and makes adjustments to it in the light of changes in market's conditions. The capital structure depends on the issuance and redemption of units.

#### 17. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable willing parties in an arm's length transaction.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the balance sheet date. The estimated fair value of all other financial assets and liabilities is considered not significantly different from book value. Currently investment of the Fund that are non performing are fully provided.

The following table shows financial instruments recognised at fair value, analysed between those whose fair value is based on:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Financial assets which are tradable in an open market are revalued at the market prices prevailing on the balance sheet date. The estimated fair value of all other financial assets and liabilities is considered not significantly different from book value. Currently investment of the fund are non performing and are fully provided.

Level 3: Those with inputs for the asset or liability that are not based on observable market data (unobservable inputs)
